ABOUT US

Management Letter

Gulf For Trading was established by Mr. Mohamed Abdel Halim as a specialized trading company serving regional and international markets.

The head office is located in Dubai, United Arab Emirates – Meydan Grandstand, 6th Floor, Meydan Street, Nad Al Sheba – with two branches in Egypt and Saudi Arabia to enhance the company's regional coverage and customer reach.

Gulf For Trading operates two manufacturing facilities specialized in chemical industries, supporting the company's commitment to delivering high-quality products and integrated industrial solutions.

Through continuous development and strong partnerships, the company aims to meet the needs of its customers and expand its footprint across the Middle East.

OUR EXPERTISE

- 01 Paints & Coatings
- 02 Industrial Paints
- 03 Petrochemicals
- 04 Agriculture
- 05 Detergents
- 06 Personal Care & Cosmetics

OUR MISSION

We are committed to delivering high performance chemical solutions that meet customer needs while ensuring exceptional quality and satisfaction.

OUR VISION

Our goal is to expand our footprint across the Middle East and Africa by establishing strategic partnerships and new branches in key markets.

PRODUCTS

Alkyd Resin

- Long Alkyd 70% (Soya Bean & Sunflower Oil)
- Medium Alkyd Resin
- Short Alkyd Semi Dry 70%
- Short Fast Dry 60%
- Short Coco Nut
- Unsaturated Polyester Resin (UPR)
- General Purpose Polyester Resin (GP)

Emulsion Resin

- Styrene Acrylic
- Styrene Acrylic (2-component) (Waterproof Application & for Asement)
- Pure Acrylic
- Elastomeric Styrene Acrylic (Roof Coating)
- Co Polymer (Vam VeoV A - V AM Acrylic)
- Opaque Polymer
- Homo Polymer (60%)

PRODUCTS

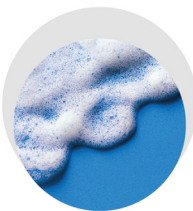

Thickeners (Cellulose Ether)

- HPMC (6000, 20000, 40000, 60000)
- HPMC (100,000 – 200,000)
- HEC (100000)
- HEMC (100,000 – 250,000)
- HEC (30000)

Filler & Powder

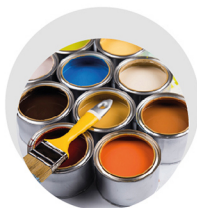

- Re Dispersible Polymer & Powder (RDP)
- Defoamer
- Titanium Dioxide
- Calcium Carbonate
- TAIC

PRODUCTS

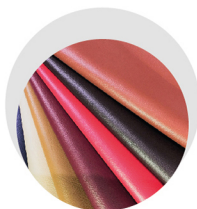

Iron Oxide

- Yellow (920,910,313)
- Red (110,130,190)
- Brown (610,660,663)
- Orange (960) / Green (5605) / Blue (810,888)
- Black (330,360,723,725)
- Ultra Marine Blue

Pigment

- Yellow (3,12,13,74)
- Red (2,3,170,48:2,48:3,49:1,53:1,57:1)
- Blue (15:0,15:1,15:2,15:3,15:4)
- Orange 13, Green 7
- Lemon chrome
- Middle chrome

PRODUCTS

Additives

- Leveling agent (Polyurethane coating epoxy concentrate)
- Biocid (For water base paints)
- Dispersing Agent (Ammonium & Sodium Salt) (Water base paints)
- Anti Foam (Silicone & Mineral Oil) (Water base paints)
- PE Wax (Emulsion paints)
- Driers (Cobalt, Calcium, Zirconium) (Solvent base paint)
- Dispersing Agnt (Primer based on Alkyd Resin)
- Dispersing (Polyurethane coating)
- Defoamer (Epoxy resin)

Others

- Carbon Black
- Propylene Glycol (MPG)
- Mono Ethylene Glycol (MEG)
- Diethylene Glycol (DEG)
- Hard Resin
